## 院长寄语

## President's Message

从对金融的认识来说，我的人生可以分为三个阶段。1978年之前，我对什么叫金融并不理解，尽管已经读过茅盾的《子夜》。1978年之后，我开始学习金融专业。在大学一口气读完了博士学位，接着进入财政部、证监会，然后在令人羡慕的投资银行从业。可以说，基本上浸润于宏观高端的金融氛围。2013年开始，我的职业生涯幡然改观，我从金字塔云端俯冲到草根地气的普惠金融。原因是我的实践和观察让我领悟到中国将掀起普惠金融的大幕。自从经济改革，中国依次建立起现代银行体系、现代资本市场以及包括保险、信托以及资产管理等貌似完整的金融体系。可是，这个金融体系却暗藏着重大的结构性缺陷，也就是说广大中小微企业以及广大弱势群体在不同程度上受到这一金融体系的排斥。逐步聚集的共识是，这种结构缺陷已经构成中国经济持续健康成长的致命障碍。中国渴望一个包容性的金融体系。

当然，建立包容性的金融体系正如登山，说易行难。重大理念认识上的似是而非，商业效益与社会效益双重目标的龃龉平衡，传统金融与金融科技之间的尊俎折冲，都是普惠金融建设事业中需要认真探索并找到解决方案的内容。

中国普惠金融研究院志存高远，脚踏实地，砥砺前行，旨在成为中国领先的专业研究机构。欣慰的是，我们的努力加之我们的成绩赢得了越来越多的合作伙伴。在迈向“好金融 好社会”的进程中，我们一点都不寂寞。

长风破浪会有时，直挂云帆济沧海。

On the basis of my understanding of finance, my life can be viewed as a three-phase metamorphosis.

Before 1978, I knew next to nothing about finance, although I had read Mao Dun's masterpiece *Midnight*, a novel set in Shanghai circa 1930s featuring complex and tricky financial maneuvers.

After 1978, I became a student of finance, all the way from undergraduate to PhD. After stints as public servant at the Ministry of Finance and the China Securities Regulatory Commission, I jumped on the bandwagon of investment banking, a career shift highly desired then as now. Throughout this phase, I virtually immersed myself in the glamor of the macro and high finance.

The year 2013 witnessed a U-turn of my professional life, propelling me to dive from the pinnacle of the pyramid proudly above the clouds to the down-to-earth humility of financial inclusion. The reason? Through practices and observations, I came to the enlightenment that China is set to enter a new age of financial inclusion. Since the Reform and Opening-Up, China has in a sequential manner built a modern banking system, a modern capital market, and a seemingly all-encompassing modern financial system covering insurance, trust, and asset management, etc. This system, however, has a severe structural deficiency hidden inside of it, namely an exclusion from the system, to varied extents, of the numerous micro-, small and medium-sized businesses and other vulnerable groups. A gradually emerging consensus is that this structural

deficiency has posed a lethal threat to China's sustained and sound economic growth. China is crying out for an inclusive financial system.

Like climbing a mountain, building an inclusive financial system is easier said than done. The paradoxes and confusions concerning significant philosophical ideas, the conflicts and balance between the dual mandate of commercial viability and social good, and the scheming and synthesis between legacy finance and Fintech are among the topics that warrant meticulous investigations and solutions in the cause of financial inclusion.

Chinese Academy of Financial Inclusion, aspiring to the sky whilst firmly standing on the ground in its relentless pursuit of excellence, is determined to become China's leading research institution. We are gratified to see that our efforts and achievements have been winning for us more and more partners. Traversing the path towards "Good finance, Good Society", we are not solitary travelers.

Someday, with my sail piercing the clouds,

I shall mount the wind, cleave the waves, and traverse the vast, rolling sea.
